

SALT & LIGHT

FLOOR LAMP

W26159-1

Finished in a sleek black, this modern floor lamp features three vertically hanging LED arms. Each arm is designed to rotate approximately 350 degrees, allowing light to shine where needed, and a rotary dimmer is located on the lamp body. This floor lamp uses an integrated light system, which means no bulb is needed. Each LED light is 3000 kelvins and 600 lumens. The integrated light system will provide approximately 50,000 hours of use.
